

The Carriage for the first baby

It's always hardest to select the carriage for the first baby. We realize this, and in the Whitney Sleeper shown above we have a model which is sure to please both father and mother.

The long flexible springs, the reversing gear and the roomy construction appeal to a man's good judgment. The stylish appearance and fine corduroy upholstery always catch the mother's eye.

May we show this model and our many other new styles to you and your husband some day this week?

TALK OF THE TOWN

Don't fail to listen to Hon. Frank Plumley in the Barre opera house next Sunday evening at 7 o'clock.—adv.

Mrs. Martha Calf-White will be at Miss Canning's toilet parlor Friday, March 1, Boston office, 2 Park square.

Before a large number of pool and billiard fans at the Murphy & Weaver pool rooms on Pearl street last evening, W. C. Henry of Boston, the famous fancy billiard player, who is spending a few days in the city, gave an exhibition.

News was received in Barre yesterday afternoon of the death of Orville S. Cheney, a former resident of this city, who passed away at his home in Washington at 11:45 a. m., after an illness of nearly a week. He is survived by his wife and a daughter, Miss Grace Cheney of Boston, who arrived in Washington early in the week. The deceased was long employed as a granite polisher in Barre and during his residence here was active in the Red Men and the Pythian fraternity. He had resided in Washington for some years. Funeral services will be held at the house Thursday afternoon at 2 o'clock, and interment will be made in the village cemetery. It is requested that flowers be omitted.

Both Spaulding basketball teams are to figure in the double bill which has been arranged to be played Friday evening at the Spaulding gymnasium, when the red and blue team will meet the St. Albans high school team in one of the scheduled games of the state interscholastic league schedule. The St. Albans team has been going at a fast rate lately, having defeated the strong People's academy team at Morrisville last Friday evening by the score of 25 to 24, so that Spaulding's hopes for the league championship will be shattered unless the local quintet travels at top speed. The girls' team is to play the girls' aggregation of Whitcomb high school, they having met defeat at Bethel several weeks ago.

RED + NOTES

Few people realize the amount of money necessary each month to carry on the Red Cross work here. When the movement began, \$350 was enough to purchase supplies for a month, but each succeeding four weeks has seen more workers busy and a greater call for supplies, until now it requires between \$600 and \$700 per month to carry on the work. Allowing for the period last summer when infantile paralysis caused a cessation of meetings for a time, the following figures, compiled from the treasurer's books, gives an idea of the volume of work accomplished and the money required therefor. Orders were drawn on the treasurer in July for \$348; September \$350, October \$275, November \$500, December \$506, January \$332 and February \$770.

This has been spent for surgical supplies, sewing materials and yarn, and it may be of interest to see a few of the ways in which it was invested up to Feb. 1:

Thread	\$5.19
Housewives and comfort bags	18.15
323 suits pajamas	303.18
132 convalescent gowns	134.10
192 surgical shirts	102.90
39 shoulder wraps	8.81
Other surgical material	4.12
Sewing machines	35.00
Cotton yarn	15.96
Express	49.31
Surgical dressings, including 900 yards gauze	97.73
Indian head	5.19
900 pounds woolen yarn	1,810.74
Total	\$2,590.33

It will be seen that more than two-thirds of the total expense was for yarn, the great call for knitted articles required.

ing quantities. Ten dollars' worth looks like a mere sample. Of the woolen yarn 1,416 articles were made, counting each pair of socks, wristers, etc., as one.

These figures are ample proof of what the Barre branch has done and what its needs are for the future. Barre people are beginning to realize that money raised last summer or at Christmas time is not supposed to last until the end of the year, but has been used up already. Since realizing this, a movement has started all over the city to continue the good work, and various organizations are giving the whole or part of the proceeds of entertainments to the Red Cross.

The treasurer acknowledges the receipt of \$32 as proceeds of the minstrel show given by the K. of C. under the auspices of the women of the Universalist church, also \$23 from card parties given by women of the city to date.

This afternoon Mrs. George Milne is giving a card party of 15 tables and others are to follow in various parts of the city.

Next Friday evening the Odd Ladies are to give their minstrel show and will turn over one-half the receipts to the Red Cross. The response has been general and the Red Cross is sure to benefit by a neat sum from the show.

And then, next week, comes the big Red Cross event. No explanation is necessary in regard to the carnival. Every person in Barre will want to be there. Everybody's interest has been roused by the preliminary notices, and the city is astir with excitement, ready for the consummation of the plans which the business men have made, and which are maturing in fine shape. March 6 and 7 are the dates and Howland hall the place. The hall will be filled both nights and to guess at the amount of money that will be raised would be a rash thing.

And while we are making plans for our own branch, it is also of interest to learn what other places are doing along the same line.

The St. Albans branch of the Red Cross is seeking a method of obtaining a steady income, and for that purpose began last Sunday at the various churches to pass out cards on which the people were asked to pledge a certain amount each month. It is estimated that \$600 a month is required for that purpose in St. Albans.

Miss Ruth Young, 11 years old, of

Hyde Park, has knit a Red Cross sweater which it would be hard to beat in workmanship. A youngster in West Berlin put in his time while quarantined for chickenpox in knitting a sweater also.

The pupils of the intermediate department of the Jericho public schools have spent one hour every Friday afternoon on Red Cross work. Their record shows that they have hemmed by hand 20 linen table napkins, have made and snipped filling for 30 comfort pillows, cut and strung in bundles of 25, 1,200 gun wipers, knit five abdominal bandages and one sweater. They are also working on two hospital scrap books for wounded soldiers. A junior auxiliary to the Red Cross has now been formed and further activities will be in charge of that society.

A Hoovered supper given in Richford for the benefit of the Red Cross brought in \$118.73, and a chicken-pie supper in North Ferrisburg netted the Red Cross \$42.

Miss Catherine Dow, who cut a cord of wood in Wells River in 15 hours, is to an early date at the club rooms there.

Mrs. Dorothea Bailey, who is 80 years old, recently knit a pair of socks in less than a week's time, which is pretty good for a woman nearing the century mark. She lives in Fairfax.
